

Jaipur Rugs releases Unstring range

Jaipur Rugs has released Unstring, a carpet collection that seeks to capture the concept of human interaction through its design.

Each rug in the collection has been created by hand-weaving nearly 200,000 asymmetric knots with a series of hand-carded, hand-spun wool and bamboo silk, creating a luxurious appearance and finish.

Comprising designer weaves, stitches, embroiders, cuts and pastes, the release of Unstring builds on Jaipur's earlier artisan collection.
